Zachory Strike

Lead Software Engineer II at CareCloud

Miami, Florida

Summary

After I completed my bachelor's degree in December of 2013, I started working in the software industry. I have since moved to Miami where I'm working as a Lead Software Engineer II in an agile developing environment and learning new techniques every day. I enjoy spending my time leading a feature team, solving problems, and plan to continue utilizing my knowledge when it comes to software business processes.
